)

The United States of America, through its undersigned counsel and pursuant to the Court's order dated March 7, 2006, submits this report on the status of this action:

1. The United States' claims against Phillip LaFleur have been resolved by motion. The Court entered an order resolving these claims on August 4, 2005 and denied a motion for reconsideration of that order on August 16, 2005.
2. The United States' claims against Northstar Energy Group have been resolved by stipulation. A stipulation for entry of judgment on these claims was filed on January 4, 2006.
3. Northstar Energy Group's claims against the State of Alaska have also been resolved by stipulation. A confession of judgment on these claims was filed on February 3, 2006.
4. Therefore, the only outstanding claims remaining at issue in this action are Northstar Energy Group, Inc.'s claims against Phillip LaFleur. The United States and the State of Alaska have no interest in the outcome of these claims. Counsel for Northstar Energy Group has represented to counsel for the United States that the parties involved in this claim are still discussing settlement and hope to present closing papers on this claim soon.
4. It appears that there are no outstanding claims involving the United States or the State of Alaska left in this case. Therefore, United States respectfully requests that the Court close the case as to the claims involving the United States and the State of Alaska. The United States takes no position on the proper disposition of Northstar Energy Group, Inc.'s claim against Phillip LaFleur. Additionally, since all the United States' claims have now been resolved, the United States respectfully requests that any further orders of the Court requiring the filing of status reports direct that those reports be filed by counsel the parties to the remaining active

claim in this case rather than by the United States.

DATED this 7th day of April, 2006.

Respectfully submitted,

DEBORAH M. SMITH
Acting United States Attorney
